TopTraveler Pro

Toploader with Permanent Air Cells for perfect protection

This generous Toploader lets you easily load und unload your Notebook, printer and documents from the top. Optimal Notebook protection is guaranteed by the patented multi-chamber air system (Permanent Air Cells - PAC). The air cushions protects the Notebook from shocks and knocks. The additional cushioned universal compartment offers room for a printer or beamer and documents or a DIN A4 folder. The two-fold document compartment on the rear side offers storage room for documents. Mobile accessories (mobile phone, business cards, pens, etc.) can be stored in the workstation on the front pocket side. Power supply units and cables can be easily placed in the specially designed compartment underneath. The comfortable carrying handle, the cushioned shoulder strap as well as the trolley fastening make transport a flexible event.

The high-quality material mix (Koskin/suede optics) provides for an exclusive touch, the metal zipper as well as the reinforced edges of the bag.
